

# Koro Dive and Daku Resort

## Hammerhead Dive Offer

This offer allows you to take advantage of a very special dive package. It is special, not just because it includes a trip to the famous Rainbow Reef and White Wall in the Somosomo Straits off Taveuni, but also because it allows you to dive the renowned marine reserve at Namena Island. What's more, there's a Hammerhead dive at Dreamhouse - a hidden gem of a dive on the reef near Savusavu.

(Note: The White Wall may not be suitable for inexperienced divers and the Hammerhead sightings do require time spent out 'in the blue'.)

This premium package includes:

\*Ten dives with all equipment (excluding Nitrox)

\*Seven nights accommodation in an Ocean View Bure (based on twin share, single supplement US\$240)

\*Airport Transfers from Savusavu airport

***This package requires a minimum of 6 people for diving. Ask us if you can combine with other divers if your group is less than 6.***

Accommodation is at Daku Resort, a small traditional Fijian resort which has retained all the charm and intimacy of life in the Fiji Islands and combined it with many of the requirements of modern travel – Wi-Fi, air conditioning and the privacy of your own fully equipped and serviced bure.

It's a week of diving you could not usually get at this price, and covers:

**\*Five days of two tank diving**  
**\*Seven nights accommodation**  
**- all for only US\$1248 p.p. double occupancy\***

A single supplement of US\$240 applies.
